

Virginia 4-H Shooting Education Program Instructor Certification Weekend Fact Sheet

General Information

The Virginia 4-H Shooting Education Training Team offers instructor certification for adults and teens ages 16 and older. Current and new instructors are invited! Current 4-H instructors may be certified in a new discipline by attending Saturday morning and afternoon and Sunday only. However, first time participants are required to attend all the training, including the Saturday evening General Session.

This small session is held primarily to certify volunteers that have been unable to make it to one of the regular training sessions. Each discipline is limited to 8 participants, and folks from **Northern Virginia 4-H clubs have priority.**
